Geriatrician

T 02 9598 0000

E [info@waratahprivate.com.au](mailto:info@waratahprivate.com.au)

Dr Athula Kosgallana is an accomplished and dedicated Geriatrician with extensive experience in Sydney's south west.

He is passionate about caring for his aging patients, alleviating their stress, and helping them recover their independence and quality of life.

Dr Kosgallana maintains a particular interest in the ongoing care of patients experiencing Alzheimer's. He also specialises in acute and post stroke treatment.

Dr Kosgallana cares for patients who have become acutely unwell and requiring hospitalisation or cares for them following their illness within the rehabilitation environment with the aim of getting patients back to their best. His individualised and multidisciplinary approach ensures that his patients has treatment that is tailored towards them and their needs whilst utilising the allied health and nursing staff within the rehabilitation team. Dr Kosgallana is a fellow of the Royal Australasian College of Physicians.
