

SURGEON PROFILE

Dr Zoltan Szomor

MD PhD FRACS Fellow AOA

Orthopaedic Surgeon

T 02 9598 6777

E info@stgeorgehipandkneeclinic.com.au

Dr Zoltan Szomor has over 25 years' experience as an orthopaedic surgeon, specialising in hip and knee surgery; including joint replacement, primary and revision arthroplasty, and reconstruction and arthroscopic surgery.

Dr Szomor is one of the first orthopaedic surgeons in Australia to practise total hip replacement using the SuperPATH. It usually leads to a quicker recovery and accelerated rehabilitation, while minimising pain. For total knee replacements, he uses one of the most advanced, ceramic-coated knee replacements.

Dr Szomor has advanced orthopaedic training with the Australian Orthopaedic Association and fellowship with The Royal Australasian College of Surgeons. He completed his PhD at the University of New South Wales, performing cutting-edge musculoskeletal research. He's completed fellowships in Sydney ('97/'98), and Japan focused on arthroplasty and cartilage research.

Over 50 of Dr Szomor's papers have featured in international journals, and close to 100 presented worldwide at conferences.

KEY INTEREST AREAS

Hip & knee arthroplasty

Knee ligament reconstruction

Minimally invasive hip & knee surgery
